

3" (75mm) Wire Rope Cutter

The 75mm Wire rope cutter WCS75HDZ is suitable for cutting grades up to 1770N/mm² and up to 75mm in diameter. Utilising a fully retractable anvil the cutter can be placed over continuous lengths of wire ropes for simplified cutting operations. This tool is suitable for local or remote operations in sub-sea environments (i.e. on an ROV) and due to its high quality construction requires little or no maintenance throughout its operational life. Replacing the anvil or cutting blade is a simple task and spares kits comprising both components and all seals are available at any time. All spares provided are genuine Webtool components. The tool is supplied with ROV handle and connection hoses.

Note the tool needs to be used in conjunction with Intensifier Panel A036-081-001.

Features.

- Cuts up to 75mm 1770N/mm² Wire
- Supplied with ROV handle
- Hydraulic Retract

Specifications.

Operating Pressure	690Bar (10,000PSI)
Max Wire Diameter	75mm
Max wire strength	1,770N/mm ²

What's in the box.

A036-026-180
■ 3" (75mm) cutter
■ ROV Handle
■ Manual
All items supplied in Peli style packing case.

Optional Extras.

A036-081-001	Intensifier Panel.
A036-026-180/spares	Basic Spares Kit.

Data Sheet: A001-350-138 issue 1
