

# Production Equipment

## Products & Services

Forum provides engineered process systems and field services from the well head to inside the refinery fence. We service the upstream, midstream and downstream segments in oil and gas production equipment and services. Our broad range of products and geographical locations positions Forum as a process systems specialist to the Oil and Gas service industry.

We manufacture the best equipment in the industry to ensure a strong and reliable production process.

# Production Equipment

## Products & Services

### UPSTREAM

*Fluid Separation and Treatment*

- Production Separators
- Sand Separators
- Free Water Knockouts
- Heater Treaters
- Indirect Line Heaters
- Scrubbers
- Sweeteners
- Complete Modular Production Facilities
- Gas Production Units

### SERVICES

- Equipment delivery and set up
- Equipment Test & Repair
- Engineering Expertise
- Field Support

### MIDSTREAM (GATHERING/PIPELINE)

*Compressor Packages and Booster Stations*

- Compressor Headers
- Tanks – Water & Condensate
- Fuel Gas Separators
- Slug Catchers
- Crude and NG Dehydrators
- Scrubbers
- Filter Separators
- Compressor Manifolds Skids
- Glycol Measurement Skids
- Complete Modular Compressor Facilities
- Amine filters

*Launchers and Receivers*

*Meter Stations/Measurement skids*

*Coiled Line Pipe (2", 3" and 4")*

### DOWNSTREAM

- Crude Desalters/Dehydrators (EDGE™)
- Process Equipment
- Process Skids
- Process Pipe Spooling

### ENVIRONMENTAL

- Water Treatment
