- Traveling Block/Hooks
- Crown Blocks
- Draw Works
- Magnetic Brakes
- Mud Pumps
- Pumping Units
- Rotary Tables
- Swivels
- Traction Motors
- Top Drive
- Chains and Sprockets
- Sheaves and Belts
- Shaft Couplings
- Electric Motors

## Smart Solutions. Powerful Products.

At Forum, we are here for one reason: to serve as your trusted ally in the oilfield. With our comprehensive range of mission-critical products, we deliver precisely what you need when you need it—from drilling and completion equipment to valves, subsea technology to production equipment, engineering support to repair services.

Forum brings together some of the most well-known brands in our industry with an extensive range of products and services. We know though that at the end of the day, it's not just about the products we provide. It's about creating the solutions you need. That's why we work closely with customers to provide innovative products and technologies, and we encourage customers to talk to us about their drilling challenges at Your Forum at [f-e-t.com/yourforum](http://f-e-t.com/yourforum). With offices in over 90 locations around the globe, Forum is well positioned to supply customers with equipment and related services that improve safety and performance and lower operating costs.

Forum is not only dedicated to our clients, we're committed to creating a strong corporate culture that drives excellence in everything we do. We do this through our four core values:

**No one gets hurt:** The safety of our employees and customers is our first priority coupled with a healthy respect for the environment.

**Integrity:** We operate with the upmost integrity and mutual respect.

**Customer focused:** We listen to the needs of external and internal customers and work with them to solve their challenges. We work to create long-term customer relationships.

**Good place to work:** We strive to create a workplace with open communication and mutual respect, a place with solid leadership and good teamwork and a place where employees are empowered and are given opportunities for growth.
